6027 N. W. 53rd Terrace Disclosure

This property has been completely remodeled including repair of the kitchen floor and drywall replacement to update the kitchen and living area.

We are not aware of any termite treatment, nor did we see any evidence of termite damage during the updating. The home should be treated for termites, the cost for a private company would be about \$600.00; however, the HOA should do this at no charge and we will put in a request.

The windows on the lower level have been replaced and the upstairs are believed to be the original windows.
